## ABOUT ME

Hello, my name is Mihretab Nigatu, and I am deeply passionate about technology. As a university student, I have embarked on a dynamic and exciting journey of web development and programming.

My fascination with programming languages began in high school, and I have since expanded my skills in HTML, CSS, JavaScript, and Python. I have also explored both front-end and back-end development and dabbled in data analysis.

In addition, I have gained experience in popular frontend frameworks such as React, Vue.js, and Angular, which has enabled me to create impactful and user-friendly experiences. I take pride in my ability to collaborate effectively with teams, communicate clearly, and bring ideas to life.

I thrive on innovation and enjoy challenging conventional thinking. I am excited to work with like-minded individuals who share my vision and passion for pushing boundaries. As a dedicated and enthusiastic student, I am committed to delivering nothing short of excellence to consumers.

As I continue my journey as a university student, I am eager to expand my knowledge and practical application in computer science. I am confident that I can be a valuable asset to any team and contribute my skills and enthusiasm to make a real impact.

## WORK EXPERIENCE

### Software Engineer

**Turbo Driving Training Center** [ 01/05/2023 – 30/07/2023 ]

City: Hawassa | Country: Ethiopia

As a dedicated intern at Turbo Driving Training Center, I demonstrated exceptional talents and a profound commitment to excellence. Despite limited formal training, I passionately pursued technology and software engineering. I spearheaded transformative projects, including a user-friendly appointment booking system for instructors and students, optimizing our operations. Additionally, I created a comprehensive database for efficient student progress tracking. My dedication, technical expertise, and innovative approach left a lasting mark on the center. I am confident in my potential to excel and contribute to technology and innovation in the future. I wholeheartedly recommend myself for future opportunities in the field.

## Database manager

**ATMA Oxygen Manufacture** [ 01/08/2023 – 02/2024 ]

City: Hawassa | Country: Ethiopia

During my internship at ATMA Oxygen Manufacture from August 2023 to February 2024, I played a key role in advancing a website and database system. This initiative aimed to streamline operations, boost efficiency, and minimize production timelines and expenses by enabling real-time data accessibility. Leveraging my skills in database administration, I facilitated the seamless incorporation of this system, thereby bolstering our day-to-day business activities. My commitment lies in upholding standards of excellence and fostering innovation in the realm of database management and technology.

## Software Engineer

**Rose Liquor Store** [ 01/10/2023 – 30/11/2023 ]

City: Hawassa | Country: Ethiopia

From October 1st, 2023, to November 30th, 2023, I was deeply engaged as an intern at Rose Liquor Store, where my enthusiasm and dedication to continuous improvement were evident. I played a crucial part in spearheading a transformative project aimed at elevating the company's digital presence. Central to my responsibilities was the creation of an intuitive and highly effective website geared towards bolstering online sales and showcasing the store's offerings.

Through innovative problem-solving and leveraging my technical know-how, I contributed significantly to the project's success, despite my limited formal training. This experience served as a catalyst, igniting my passion for technology and innovation even further. I am excited about the prospect of applying the skills and insights gained from this endeavor to thrive in future endeavors.

## Web specialist

**Saint Daniel Comboni Senior Secondary School** [ 02/09/2019 – 25/08/2023 ]

City: Hawassa | Country: Ethiopia

I joined Saint Daniel Comboni Senior Secondary School in 2019 and made significant contributions. Notably, I created the school's website, optimized our online presence, and developed an internal circuit system database, streamlining administrative operations. I also played a key role in our school's victory at the 2023 Science and Technology Competition, showcasing my coding skills and commitment to excellence. I wholeheartedly recommend myself for future opportunities.

## EDUCATION AND TRAINING

---

### High School

**Saint Daniel Comboni Senior Secondary School** [ 12/09/2019 – 13/06/2023 ]

City: Hawassa | Country: Ethiopia | Field(s) of study: High-school | Final grade: 96.4

### Elementary

**Saint Gabriel School Hawassa** [ 12/09/2016 – 13/07/2019 ]

City: Hawassa | Country: Ethiopia | Field(s) of study: Elementary | Final grade: 98.2

### University

**Adama Science and Technology University** [ 04/12/2023 – Current ]

City: Adama | Country: Ethiopia | Website: <https://www.astu.edu.et/> | Field(s) of study: Information and Communication Technologies: • Software and applications development and analysis • Database and network design and administration • Information and Communication Technologies (ICTs) not further defined | Final grade: 3.2 | Number of credits: 19

## LANGUAGE SKILLS

---

**Mother tongue(s):** Amharic

**Other language(s):**

**English**

**LISTENING C2 READING C2 WRITING C1**

**SPOKEN PRODUCTION C2 SPOKEN INTERACTION C2**

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*

## DIGITAL SKILLS

---

Git / Github / Linux / Figma & Sketch

### **Database**

SQL / MySQL / PHP / MongoDB / DataBase Sql Server

### **Web-Development**

Angular / Javascript(Nodejs, ExpressJs) / UI/UX Designing and Management / CSS / JavaScript / Bootstrap / React / HTML5 / Node.js, React.js / Visual Design / Web Designing and Development

### **Back-End**

C++ / Object-Oriented Programming / Python
